Professor Magnus Klofsten, Director, The Centre for Innovation and Entrepreneurship, Sweden

Professor and founding director of Centre for Innovation and Entrepreneurship (CIE) at Linköping University, Sweden. I'm also professor at division Project, Innovations and Entrepreneurship (PIE). My research is oriented towards the early growth and development of technology-based firms, financing young ventures and university-industry relations. I'm research leader at Helix Centre of Excellence and member of AgoraLink Centre for researcher mobility and commercialisation of life science technologies.

Director of CIE and member of the board of SMIL (a foundation of small technology-based firms), which provides support in business development for the member firms, this has given thorough experience of planning and implementation of different growth and development programs for technology-based firms.
